

3D

CALENDAR

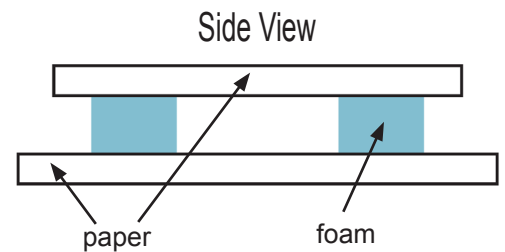

December

..... 2011

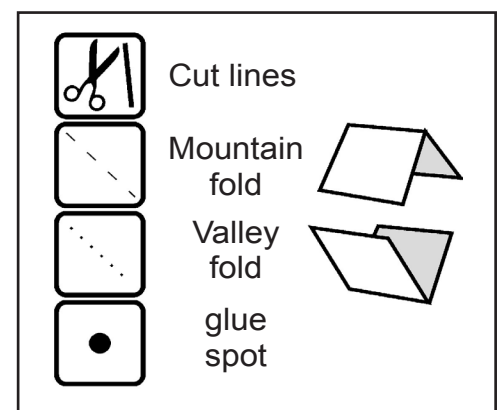

12

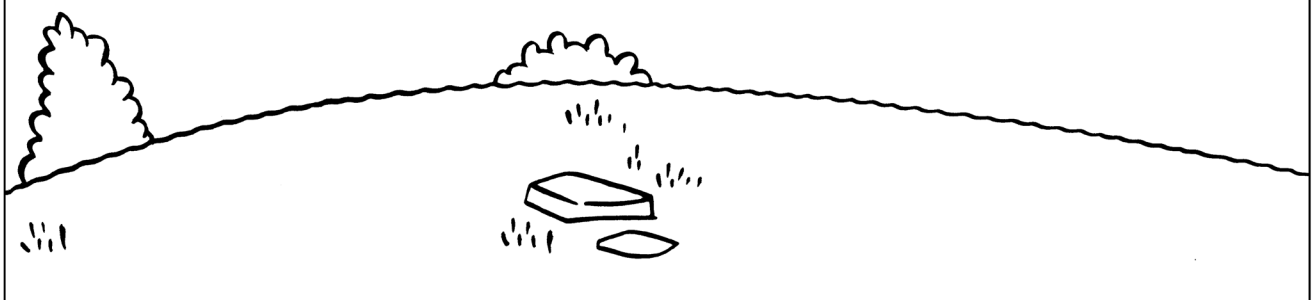

- Cut out each part, then glue each one in layers to form a 3D picture. Refer to the photo for the order of each part.
- Between each layer, glue several small pieces of foam or cardboard. These pieces will act as support to raise each level slightly higher than the previous layer.

- No need to buy expensive foam. Simply take a piece of the styrofoam padding found in cardboard packages to cut into small pieces for forming the different layers.
- At the beginning of each new month you can carefully cut the calendar section off of your 3D picture, and keep the 3D picture to hang on your wall or use in any other way you wish.

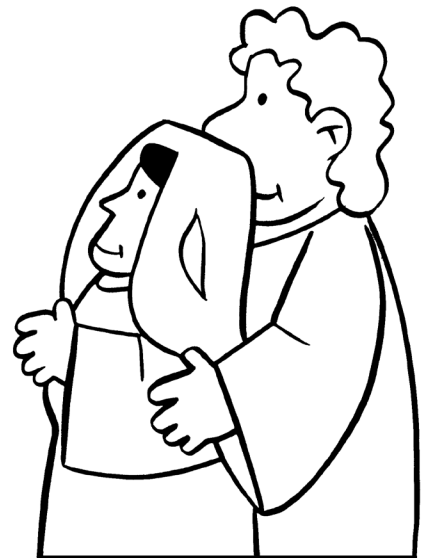

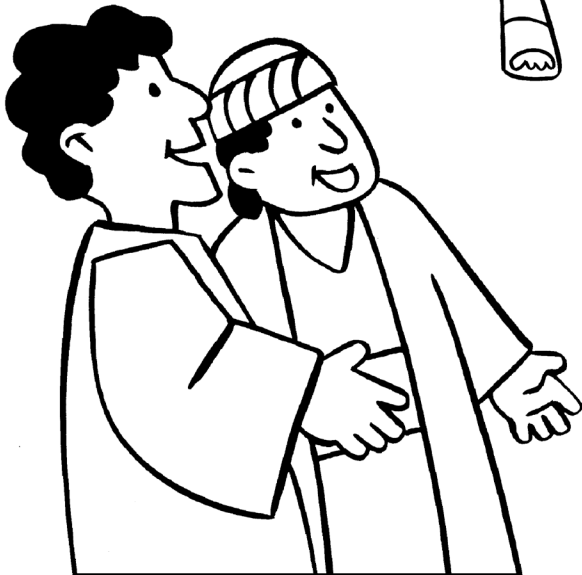

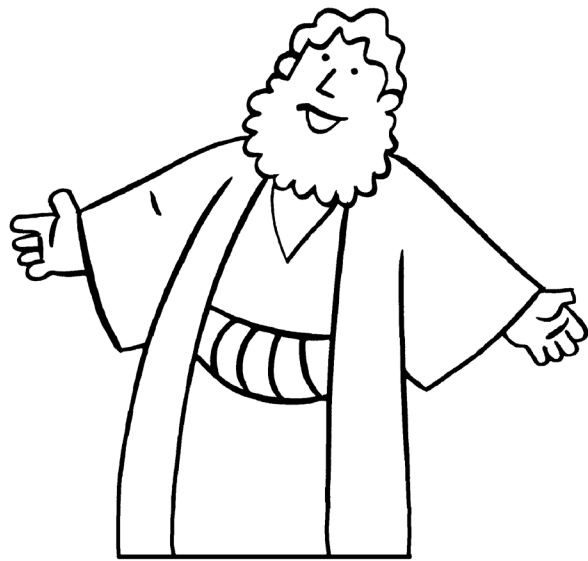

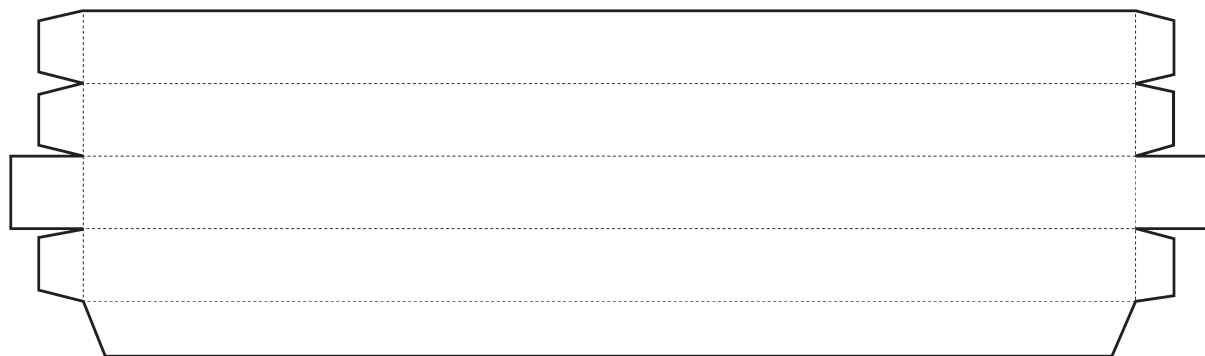

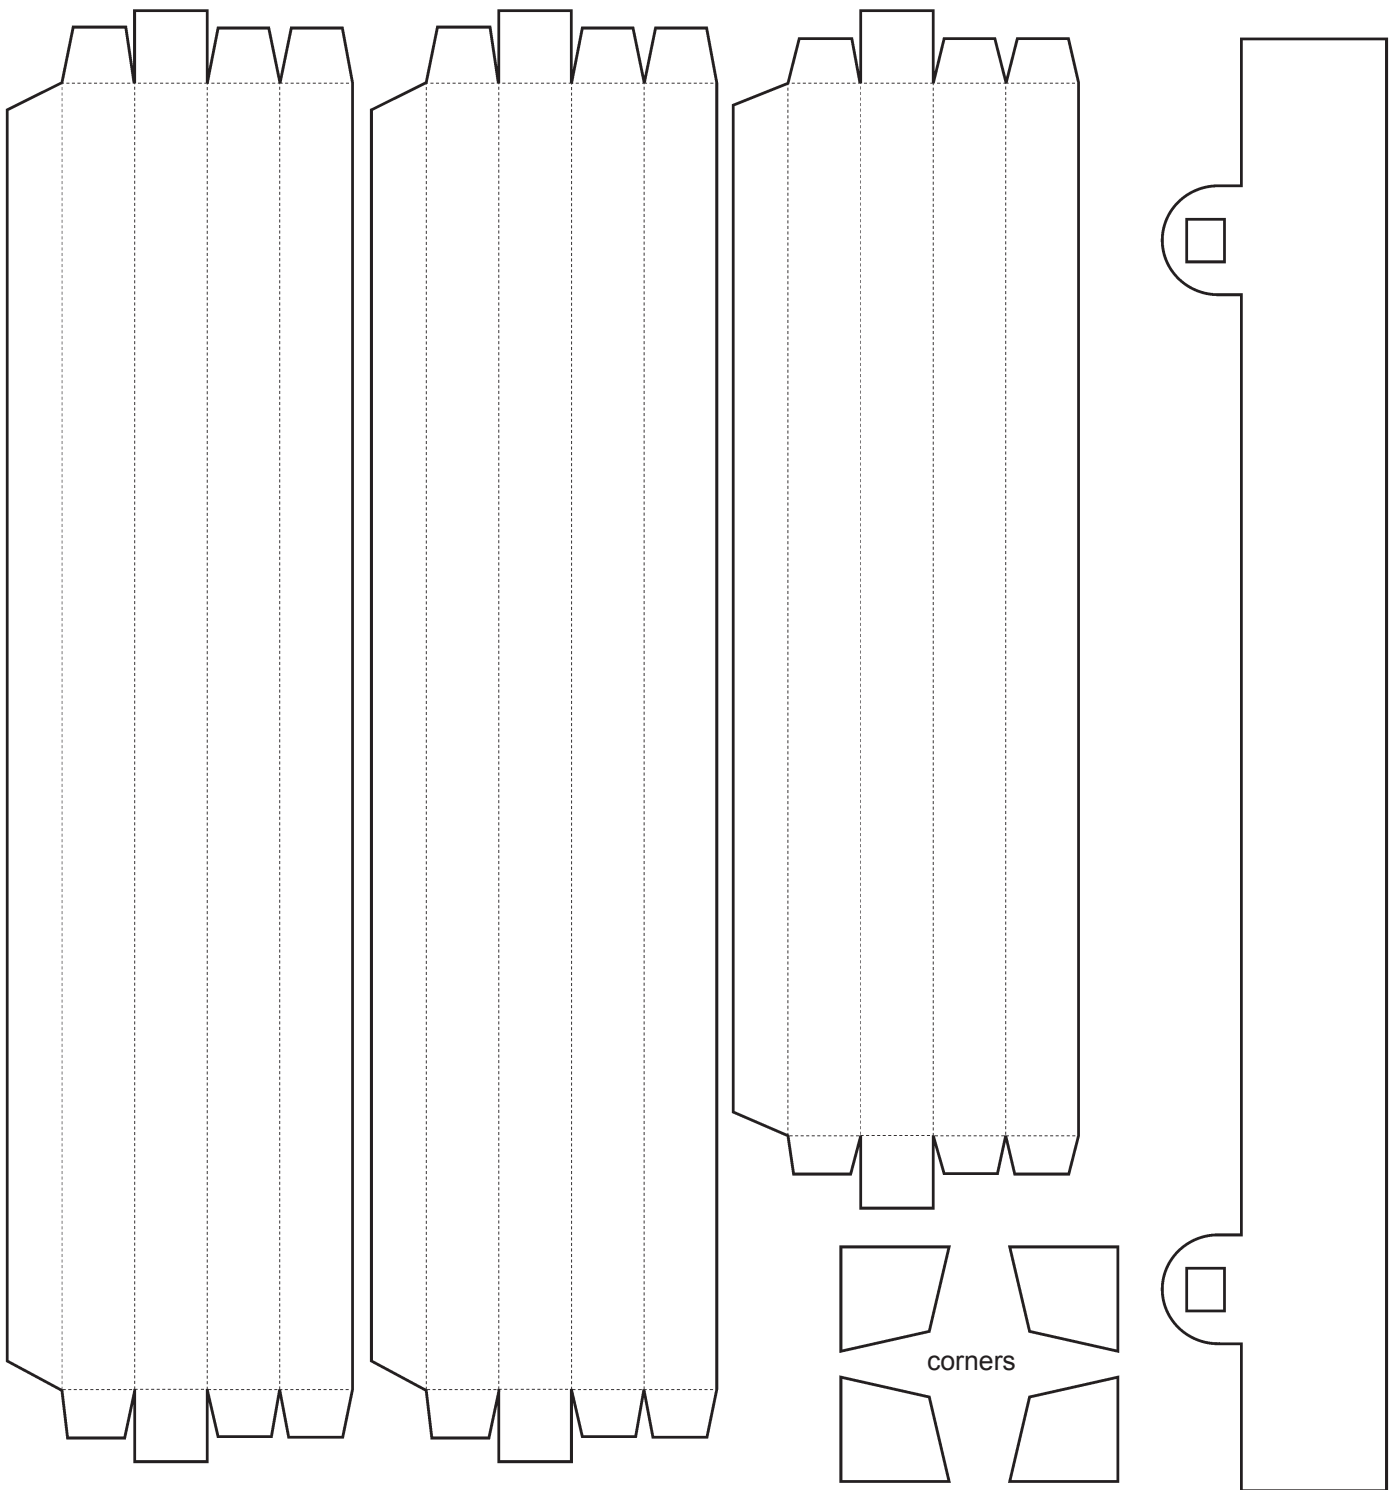

- **Tips:** Print pages 2, 3, and 4 on cardstock and use simple white glue. Before adding glue to the pieces, you may want to position them on the scenery to see where they all fit. Also, feel free to rearrange them a different way if you like.
- **Collect all 12 calendars.**

December 2011

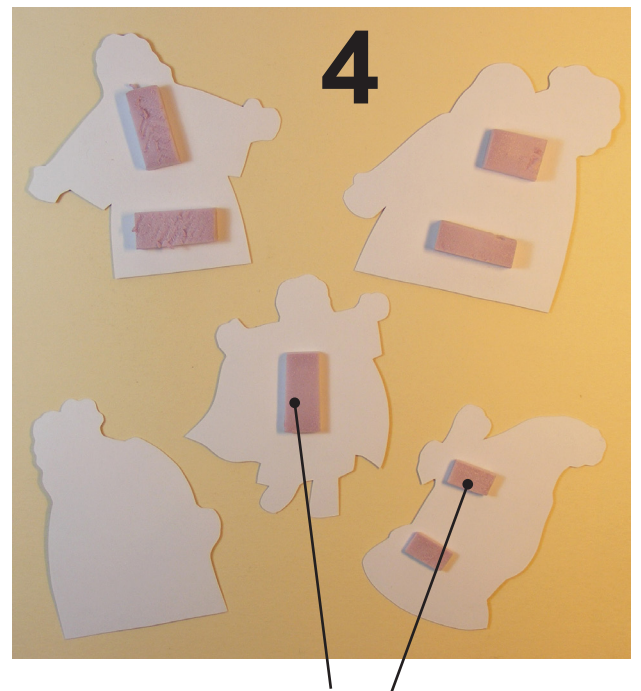

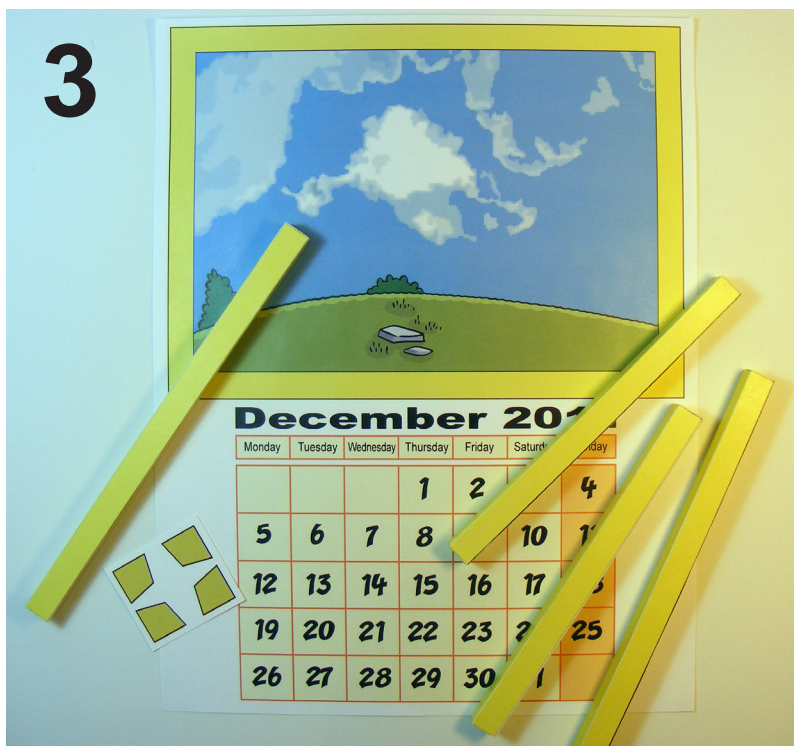

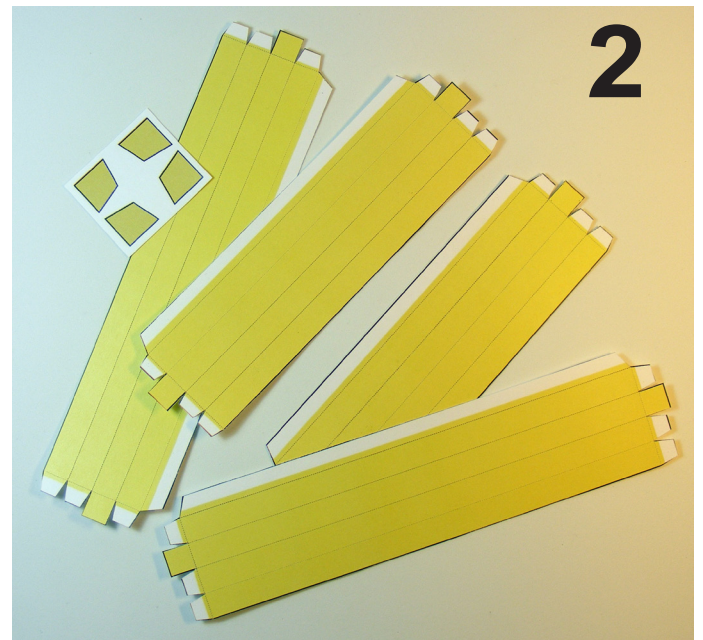

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

small pieces of foam glued behind the different parts

Jesus will return!

Three days after His crucifixion, Jesus rose from the dead. Jesus then appeared to His disciples and followers for forty days teaching them about the Kingdom of Heaven.

At the end of the forty days, Jesus and His disciples gathered together on a hill near Jerusalem. Jesus told them that they should wait in Jerusalem to receive a special gift from God, the gift of the Holy Spirit to give them power to be His witnesses to all the world.

While they were looking at Him, Jesus rose in the clouds to go to be with His Heavenly Father. While the disciples were looking up to Heaven, two angels appeared to them and said: "Why are you looking up to Heaven, Jesus will come back again."

You can read the full story of Jesus appearance and teachings to His followers after His resurrection in John chapter 20 and 21, Luke chapter 24, Mark 16, and Acts chapter 1, verses 1 through 11.
