Tissue Paper Flowers

These bold blossoms are fun to make and sure to add a bright touch to a Flower Party or any festive event.

Supplies

- 6 large sheets of tissue paper in different colors
- 1 pipe cleaner
- Scissors
- Two 6-foot lengths of green crepe paper
- One 4-foot bamboo garden stake
- Tape

Instructions:

1. For each flower, stack 6 different-colored sheets of tissue paper, then fold the stack accordion style the long way.
2. Twist a pipe cleaner around the center.
3. Round both ends of the stack with scissors.
4. Open the flower by gently pulling up 1 layer of tissue paper at a time toward the center.
5. Turn over the flower and use the pipe cleaner ends to attach two 6-foot strips of crepe paper streamers to the bottom of the flower.
6. Now take those same ends and wrap them around one end of a bamboo garden stake. Tape them in place to secure.
